VELOX

A slender shape with a contemporary, sophisticated and modern design that will blend well with the latest moods regarding the bathroom. A dynamic, forward leaning silhouette. Thus a product with a profile that is linked to Futurism, quick, fast: VELOX.

Fabio Rotella

Una forma slanciata, contemporanea, un design sofisticato e moderno adatto a sposarsi con gli ultimi mood per quanto riguarda l'ambiente bagno.
Una silhouette dinamica, protesa in avanti. Quindi un prodotto dal profilo legato al futurismo, rapido, veloce: VELOX.
